

LAKE BREEZE
LANGHORNE CREEK

2021 Section 54 Shiraz

The Follett family have been grape growers on the famed Bremer flood plain at Langhorne Creek for over 130 years.

Grapes from our old vines were nurtured in small open fermenters before maturing in French oak for 15 months.

This has helped to create a rich, velvety textured wine which shows a lifted floral bouquet with elements of spice, dark berries and chocolate.

Enjoy now with a charcuterie board or can be cellared with confidence for up to 10 years.
