

# MULLINE

## 2021 MULLINE SYRAH

100% Syrah from Geelong, Victoria.

80% of the from in Sutherlands Creek in the Moorabool Valley and 20% from Portarlington on the Bellarine Peninsula.

The Moorabool Valley component is PT23 clone and was fully destemmed and fermented on skins for 10 days with a range of pump overs and punch downs and then pressed to a mix of one year old to 5 year old barriques and hogsheads.

The Bellarine Peninsula component, also PT23 clone, was fermented with 100% whole bunches, with pumprovers and some mild punchdowns to a total of 8 days on skins. The wine was then pressed and racked to old French barriques.

The wine then sat in oak for 6 months where it was then blended and bottled without fining and minimal filtration in October 2021.
